

# OCCUPATIONAL HEALTH & SAFETY POLICY

---

**“OUR WORK IS NEVER SO URGENT OR IMPORTANT THAT WE CANNOT TAKE  
THE TIME TO DO IT SAFELY”**

At East Coast Generators Pty Ltd we strive to fully integrate health and safety into all aspects of our activities through a process of continuous improvement.

We do this through:

## Systems

- Implementing and maintaining an OHS management system that ensures the systemic administration of health and safety at East Coast Generators workplaces and other sites where we work
- Identifying and managing our risks to maximize positive health and safety outcomes in line with the nature of workplace activities
- Complying with relevant legislation, codes of practice, industry standards and other safety related requirements.

## Competency

- Ensure the development of competent staff by providing awareness, education and training.
- Ensure effective two-way communication and consultation with all staff, contractors and relevant third parties on decisions that impact on safety
- Disseminating appropriate safety information.

## Culture

- Establish and maintain openness and an environment in which people participate and are willing to report safety risks, incidents and near misses.
- Promote safety awareness and safe actions in all work activities

**“WE AIM FOR NO INJURIES TO ANYONE”**
